In the manufacturing of all Tri Nature products the Company makes every possible endeavour to ensure that the lowest level of mammalian toxicity is achieved. To this end we ensure that all our raw materials are free from known toxins or poisonous additives and that nothing is considered for inclusion in our research and development program that may cause chronic poisoning to the users of our products. Products known to contain toxins, or suspected of being toxic or having insufficient data available to allow proper judgements to be made are rejected regardless of their efficiency.

It would, however, be irresponsible of us to speak of our products as being completely non-toxic. Our products are designed to perform a cleaning or maintenance function and are not designed for ingestion.

Products such as ALPHA PLUS LAUNDRY, ALPHA PLUS PRE SOAK POWDER and CITRUS DISHWASHING POWDER are built on mineral salts that are alkaline in nature and can cause irritation or burning of mouth and throat. However, they do not contain the highly dangerous caustic substances or chlorinated compounds that have caused major concern and controversy with the poisoning of young children.

While solvents used in Tri Nature's products such as SUPRÉ, CARMA TYRE DRESSING AND VINYL PROTECTANT AND CONDITIONER and HERITAGE FURNITURE POLISH are naturally sourced, they do contain essential oils that can irritate the digestive track.

None of our products contain recognised stomach poisons and while involuntary nausea may result from ingestion, vomiting should not be induced, unless otherwise indicated. Water should be given

Product Usage Guide

to aid in the passage of the product to the stomach.

The Company's advice is to treat all cleaning and general purpose products with respect and keep out of the reach of small children

DISHWASHING

CHAMOMILE LIQUID ORGANIC CLEANSER

Gentle, safe, multi-purpose cleaner that can be successfully used as dishwashing concentrate, dog shampoo, bubble bath, hand wash etc. pH balanced, non toxic and made from natural based ingredients.

4ml in 10 litres water (1 pump)

* Washing dishes, leave to drain (totally non-toxic, streak free)

* Washing chemical residues from fruit and vegetables (2ml only in sink)

* Oven and microwave doors

* Washing pets

* Washing polished timber, cork, slate and tiled floors

* Bubble bath (8ml = 2 pumps)

1-2 ml in 500ml TRI NATURE polysprayer

* Cleaning mirrors, windows, glass doors (use 4ml in bucket for outdoors)

* Wiping down vinyl, stainless steel, laminex tops, refrigerators and tiles

* Cleaning leather seats

* As a non starch ironing aid

* To gloss leaf area on plants

* Dampening down hair

* 1 ml into car window cleaning reservoir.

CITRUS DISHWASHING POWDER

Safer than other machine powders - does not create hazard for children.

DOES NOT NEED TO CARRY WARNING LABELS

If swallowed - flush mouth out with water, then give plenty of water over several hours. Do not induce vomiting.

* Does not contain poisonous caustics or chlorine compounds

* Safe oxygen bleaching

* Does not give off toxic fumes and smells

* Dissolves completely (leaves no residue on dishes)

* Safe during storage

* Safe on all glassware, crockery, enamel, melamine and aluminium

* Cleans and sanitises machine while washing dishes

Other uses

Cleans stainless steel sinks, saucepans (add water and make into paste)

Store out of direct sunlight.

CITRUS DRYING AID

* Economical - dispenses at much slower rate than other brands, due to controlled viscosity

* Rinses and dries with streak free finish

* Contains natural herbal sanitisers

SANAZONE - HARD SURFACE ANTI BACTERIAL CLEANER

Odourless to conform with AQIS (Australian Quarantine Inspection Service) requirements for the cleaning and post cleaning sanitation of all domestic and commercial food surface areas.

Hospital grade disinfectant power. Can be used for chopping boards, kitchen benches, sinks, cleaning refrigerators and freezers. Use where a perfumed product is not required.

CLEANING PRODUCTS

SPHAGNUM MOSS DISINFECTANT

Safe, extremely economical, hospital grade disinfectant and cleaner. Contains no bleach, chlorine or caustic. Does not give off toxic fumes. Hospital Grade 25ml in 500ml polysprayer or 50ml per litre of water

Commercial Grade - 5ml in 500ml polysprayer or 10ml per litre of water

* As cleaner and disinfectant. 25ml in 500ml water (polysprayer) All bathroom areas including shower, basin and toilet

* Kills mould and bacteria (prevents mould from re-growing)

* Butcher shop floors

* Use on shower floors to control tinea

* 1/2 capful in bucket for mopping tiles

Other uses

* 1 drop on cold light globe will disperse scent when heated. Add 25ml to last rinse when washing pet bedding to help keep fleas away. Useful when animal is on heat.

* To remove fish smells and other unpleasant odours (garbage bins etc.)

* Use a drop on vacuum cleaner filter as room deodoriser

* Hairdressing/barber for cold sanitising solution

* Room deodoriser - use 50ml in 500ml

polysprayer to freshen air

MEETS THE REQUIREMENTS OF THE THERAPEUTIC GOODS ACT AS A HOSPITAL GRADE DISINFECTANT AT A DILUTION RATE OF 1 IN 20

HIGHLY CONCENTRATED - ALWAYS DILUTE BEFORE USING

TROPIQUE - DISINFECTANT

New fresh fragrance alternative to Sphagnum Moss. Fresh tropical vanilla base. We suggest the two disinfectants be used alternately to maximise the effect of freshness around the home

SUPRÉ HARD SURFACE CLEANER

Multi-purpose, heavy duty cleaning concentrate, extremely versatile, safe and efficient to use. Replaces many other cleaning products (saves money, space, packaging). Safer to use. Contains no caustics, ammonia or petrochemical solvents. Pleasant smelling.

General purpose cleaning - 120ml (½ cup) in 8 litre bucket 100ml with 400ml water in polysprayer

* General cleaning kitchen & bathroom

* Cleans cupboards, stove tops, tiles, sound painted surfaces 200ml with 300ml water in polysprayer

* Laundry pre-spotter

* Ovens (after removing heavy carbon build up).

Spray onto warm oven after each use - wipe down when cool

* Insect repellent (not for personal use). repels ants, spiders, cockroaches etc.

* Removes bugs and tar from car paintwork (wash off immediately with Carma Car Wash)

* Shower cleaner (removes built up scum from glass and tiled shower recess) - spray shower, leave 30 minutes, wipe with scourer or sponge

* Spray washing machines and dishwashers before using Tri Nature products to remove built up scum. (Leave for 30 mins then place scoop of powder in empty machine and run once through full cycle with hot water)

Undiluted:

* BBQ (spray neat and leave to penetrate, scrub, rinse away)

* Clean brickwork and stained concrete (scrub, leave 15 mins, hose)

* Wash vinyl or tiled floors - capful in bucket

ULTRA CREAM CLEANSER

* Highly concentrated. SHAKE WELL BEFORE EACH USE - only a small amount required

* Soft mineral micro spheres will not scratch surface

* Ideal for vitreous enamel, ceramic tiles, porcelain, stainless steel and aluminium

- Use a small amount on a damp cloth or sponge – agitate surface, rinse away

MAXIM DESCALER

For safe cleaning and sanitising of dishwashing and laundry machines.

Directions for use:

Clean any debris from dishwasher. Add 50ml Maxim onto floor of machine and start "main wash" program without adding detergent and proceed through normal wash and rinse cycle.

OPTIMATE - HEAVY DUTY HARD SURFACE CLEANER

Industrial strength, multi-purpose cleaner for all hard surface cleaning. Highly concentrated and very efficient for all tougher cleaning jobs. AQIS (Australian Quarantine Inspection Service) approved for use on food preparation surfaces.

Directions for use:

Spray, mop or wipe over area at suitable concentration. Rinse and wipe clean.

Tel: (03) 9458 4581

EXCEL BACTERICIDAL CLEANER DESTAINER

Removes stubborn stains from toilet bowls and ceramic tiles. Use as a toilet bowl cleaner: apply around upper areas of bowl, brush vigorously, leave 1- 2 minutes, flush

Use as a ceramic tile cleaner: breaks down fat and soap residues, scale and mould growth. Scrub in, leave 10 mins, rinse off

Removes calcium build-up around taps

HYALINE WINDOW & GLASS CLEANER

A powerful, natural based solvent cleaner, creating a crystal clear sparkle, inhibits misting and fogging, reduces finger marking and resoiling.

- * Dilute with equal parts water in polysprayer for windows and glass
- * For sponge or squeegee applications, dilute with 20-40 parts water
- * For motor vehicle reservoirs, add 6ml per litre water
- * As spectacle cleaner - dilute with 3 parts water

PROCARE - CARPET CLEANING CONCENTRATE

A safe, natural surfactant based concentrate designed for professional yet gentle maintenance of all carpet and fabric upholstery

Directions for use:

Procare should be used for general carpet care at a rate of 1 in 50 parts of water. This concentration y be adjusted either way to suit the degree of contamination encountered.

IMPORTANT. Check carpet for colour fastness in an inconspicuous area before proceeding.

HERITAGE FURNITURE POLISH AND CONDITIONER

For use on natural wood, laminated surfaces, vinyl, leather and stainless steel

- * Spray sparingly over area to be polished. Spread and buff with clean cloth. Buff in between applications for a fresh effect.

LAUNDRY CARE

ALPHA PLUS PRE SOAK DESTAINER

Use in cold water to remove blood, fruit, dirt, coffee and tea stains.

Use in hot water to remove oil, butter, grease etc. Safer for baby - whitens wash by an oxygenating process, without chlorine

1 level scoop in 8lt bucket of water

- * Soaking stained clothing
- * Soaking nappies

Other uses

* Cleaning tea/coffee stains from cups - soak for 1 hour

* De-staining toilet bowls - 1 teaspoon, leave for 1/2 hour

* Cleaning porcelain and tiles

HELPS NEUTRALISE URINE SMELL IN NAPPY BUCKET STAYS ACTIVE LONGER THAN OTHER SOLUTIONS

ALPHA PLUS LAUNDRY POWDER

- * Ideal for hot or cold washing
- * Ideal for soft or hard water (hard water could need extra powder)
- * Can be used for top loading or front loading washing machines
- * 1/2 scoop for front loaders, twin tubs or small automatics

Amounts may vary according to soil contamination and water types

ANGELICA FABRIC CONDITIONER

- * Softens, conditions - also deodorises and sanitises
- * Antistatic effect
- * Maintains absorbent quality (excellent for towels and nappies)
- * pH balanced - non irritating to sensitive skin
- * Dosage = 8-16ml (1-2 pumps) dilute with water in dispenser or add to final rinse water

ALPHA PLUS LAUNDRY LIQUID

- * Usage as per Laundry Powder above
 - * Dosage = 40-60mls (2 pumps) for full load - large machine 20 - 30ml (1 pump) for front loaders or small machines
- N.B. 1 full pump = 30ml

ALPHA PLUS GENTLE WASH

- * Specially formulated for woollens, silks and delicates
 - * Safe for front loaders as well as top loading machines
 - * Dosage = 40-60ml (2 pumps) for full load - large machine 20-30ml (1 pump) for front loaders or small machines 20-30ml (1 pump) for hand washing
- N.B. 1 full pump = 30ml

PRISTINE - FABRIC FINISH CONCENTRATE

A modern ironing concentrate based on natural cornstarch. Modified with silicone resins to smooth out wrinkles with ease, give effortless glide to ironing, sharpen creases and protect fabrics. Concentrated for maximum convenience and economy.

Directions for Use:

Dilute 1 part of concentrate with 2 parts water in trigger spray. Shake to blend. spray sparingly over fabric in a fine mist before ironing.

www.greeniegoods.com.au

Tel: (03) 9458 4581

ENHANCE - PRE WASH SPRAY CONCENTRATE

Modern, environmentally responsible replacement for currently available stain removal sprays. Biodegradable surfactant based - Contains no petroleum hydrocarbons. Active ingredients are absorbed onto oily or organic stains and begin breaking them down even before washing begins. Concentrated for maximum convenience and economy.

Directions for Use:

Dilute 1 part Enhance with 2 parts water in trigger spray bottle. Spray directly on to stains. For best results leave for 1 minute before washing.

BABY CARE

LITTLE ONE BABY BATH CONCENTRATE

Agitate 5mls in baby bath or 15 to 20mls in large bath.

Can be used on baby's hair as product will not irritate eyes.

LITTLE ONE SANITISER

Sanitising Utensils - (Teats, bottles and other feeding equipment) 10mls per litre of water, soak for a minimum of 60 minutes.

Anti-septic - Dilute 1 part with 7 parts water, wash effected area thoroughly

To Purify Drinking Water - Add 2mls per litre of water.

Throat Gargle - Dilute 1 part with 5 parts water.
DO NOT SWALLOW

Denture cleaner - 1 part with 5 parts water.

Cut Flowers - 2ml in 500ml water. Change every 4-5 days.

PERSONAL CARE

SILK AMBROSIA

For best results daily use is essential. Best applied all over body directly after bathing. Massage upwards using long firm strokes. Use more often if necessary on hands, arms, neck and décolletage.

GOLDEN SILK SHOWER BALM

Body cleanser rich in natural emollients (silk protein, vitamin E) and healing herbs (Golden Seal and Balsam of Peru). pH balanced and non drying (unlike soap) to leave your skin feeling truly pampered.

Excellent for delicate/sensitive skin. Leaves no scum in shower or bath. Use only enough to cover a 20c piece on a washer, sponge or loofah.

ROYAL SILK FACE AND HAND GEL

Emollient rich pH balanced soap replacement for face and hands, excellent for delicate, sensitive skins. Also useful as make-up remover, bubble bath and shaving gel. Use on washer, sponge or loofah to replace soap - leaves no scum. For general hand/face wash use 1/2 to 1 pump. A gentle cleaning aid for teenage skin problems. Wash face morning and night.

SENSU - PERSONAL DEODORANT

The fragrance of the Rainforest.
CONTAINS NO ALUMINIUM!

Gives you an active natural day long protection.

* Spray 2-4 times 10cm from underarm

* Do not apply to broken or irritated skin

* If irritation does occur, discontinue use and contact your Distributor

* If pump becomes blocked, remove and rinse with warm water.

SENSU - ANTI PERSPIRANT DEODORANT

The fragrance of Ivory Musk

LOW ALUMINIUM CONTENT - 9%

For the more active person!

* Spray 2-4 times 10cm from underarm

* Do not apply to broken or irritated skin

* If irritation does occur, discontinue use and contact your Distributor

* If pump becomes blocked, remove and rinse with warm water

REGARD - WORKSHOP & INDUSTRIAL HAND CLEANER

Revolutionary, new generation, non solvent hand cleaner. Gentle enough for all over body washing but powerful enough to remove heavy industrial grease and grime. Has noticeable conditioning effect on hands with regular use.

Directions for Use:

For best results, rub small amount into dry, dirty hands. Add a small amount of water and work into a slurry before rinsing clean.
